Hi Friend!
You did so many things well in 2020 despite all the changes to your every day life. I am so proud of how well you adapted, problem solved, and pushed through the tough moments.
I know your tenacity will help you achieve incredible things in 2021. Write down a couple of the goals you have for this next year, take a picture with your answers, and you can look back at them throughout the year to track your progress.
Today and always, I am cheering for you!

Shine On!
Coach Amy
