

HALLOWEEN SCAVENGER HUNT!!

Halloween can be quite the scare, you'll find your first treat where you brush your hair.

Ghosts and goblins make people scream, find your next surprise where you dream.

Witches cackle
Ghosts say "BOO"
Find your next treat where you put on your shoe.

In that costume you'll get lots of looks, find some candy where you keep your books.

Zombies and vampires are just a fable, find something hiding at the table.

A witch rides on her broom, you'll find something in your room.

I met the scarecrow and he was very nice, he said to check where you find the ice.

I've never met a zombie that liked to slouch, so you should be safe to check by the couch.
